

Nothing to Lose

*Hey dad, hey dad, come down here
I want a double-shot of that stuff
Come on down here and set 'em up
I've got nothing to lose-No more
Girl, you want to have a go with me
Wanna mix it up? Come on,
Why don't you mess around some with me
I've got nothing to lose-No more
Boy, let go of her, now
What'd you say to me?
Put 'em up, come on, put 'em up
I've got nothing to lose-No more
Bang first gear, bang second gear
Bang third gear, scratch fourth
Rev it up, come on rev it up
I've got nothing to lose-No more
Hey dad, hey dad,
I want another shot of that stuff
Come on down here and set 'em up
I've got nothing to lose-No more
Girl, don't shake me, girl, you shake me,
I'm shakin' To the bone, to the bone,
All up and down my backbone
I've got nothing to lose-No more
Boy, don't go down-get up
I'm not through with you,
Get up, get up, get up, get it up
I've got nothing to lose-No more
Go man go, rev it up, rev it up, rev it...
Cut the wheel, cut the wheel
Crackin' up, crackin' up, crackin' up
I've got nothing to lose-No more*
