

Who Shot Down the Mockingbird

*Jenny grew up a media child,
Gets her way with a Cheshire cat smile.
She's holding his hand looking over her shoulder at me;
She puts his hands in her sweater, while she's holding onto my
sleeve.
She's got to get him on the phone;
Jenny can't be alone.*

*(chorus)
Some things are so absurd
Like killing a mockingbird
Who shot the mockingbird*

*Roxy wanted Johnny to run away;
It was Johnny's first time and he couldn't.
But Johnny won't forget the way she laughed,
Oh, she was cruel.
And the next day Roxy passes right by at school.
Only in silence he cries,
But then he turns inside.*

(chorus)

*Old Buck stews on his front porch swing,
Breaks a sweat when he whispers her name.
But she used to bring him flowers, & scare away his fears.
And she used to brush back her hair, and brush away her tears.
He never let go;
It's not good for the old.*

*(chorus)
Who shot down the mockingbird...*
