

## ***Supergirl***

*Won't you let me fly away with you (Supergirl)  
Your long blond hair is coming down (Supergirl)  
I know you're strong, & you'll get along  
But won't you let me fly away*

*I can make you sigh  
Just like the good guys  
Don't forget that I'm strong too--*

*Won't you let me fly away with you (Supergirl)  
You look so good- you look so good (Supergirl)  
You shake my nerve, with those super curves  
But won't you let me fly away*

*Now I know I'm selfish  
I can't help it  
I've tried...(but you my Supergirl)*

*I can make my fingers fly  
across your pretty face tonight  
Don't forget that I'm strong too--*

*Won't you let me fly away with you (Supergirl)  
You'll have to hold me close so I don't fall (Supergirl)  
I'll risk it all—to touch your face,  
Won't you let me fly away?  
I'd risk it all—to touch your face  
Won't you let me fly away.*
